## CHERNOBYL 1-DAY TOUR

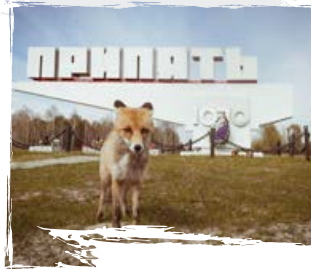

Taste the post-apocalyptic world in this one day special tour. This 12-hour urbex experience is focused mainly on exploring the ghost town of Pripjat and the secret military radar Duga, which was standing just few kilometers away.

ChernobylX has upgraded it's most popular tour to give you even more time spent in Pripjat and it's surroundings. Escape the everyday world and enjoy wandering the streets of abandoned city, which was a home for 50 000 people before the accident.

A traditional Ukrainian lunch is included with Hero package.

The tour starts with a pick up (6:45 - 7:00) and ends with a drop off (18:00 - 19:00) on the meeting point in Kyiv.
